

Guidelines for 2012 SNIP Conference

👉 Poster Presentations 👈

There will be two poster sessions:

- **Young Investigator's Poster session**
Wed, April 25, 2011, 5:00-8:00 PM
- **General Poster Session**
Thur, April 26, 2011, 2:00-4:00 PM

The style of poster-board that will be used at the meeting is shown here – 8 ft wide x 4 ft tall.

We recommend that you make posters no more than 72" wide x 42" tall – smaller is fine.

Look for the poster number assigned in the program (Wed = 1A, 1B, 1C, etc.; Thu = G1, G2, G3, etc.) and mount on the matching numbered board at the poster session.

Man your poster at the assigned time

Posters should be easily readable by viewers who are three feet away. The message should be clear and understandable even without oral explanation. Organize your work into sections that flow down one column and then the next, or across the rows. Keep it simple, don't overcrowd, and focus on the major points. Use color to highlight the poster's organization and structure.

Pushpins will be provided.
