The 30th Annual Society on Neuroimmune Pharmacology (SNIP) Conference

May 3rd – 6th, 2026 •

Graduate Hotel by Hilton, Annapolis, Maryland

The **Society on Neuroimmune Pharmacology (SNIP)** is pleased to announce our upcoming 30th annual conference, partly sponsored by the National Institute on Drug Abuse (R13-DA063455-01). **Please mark your calendar for these dates!**

Conference Goals:

- Share research findings in the treatment and prevention of substance use disorders, neuro-HIV, and neurodegenerative disorders,
- Facilitate and stimulate collaborations
- Inform translational research studies that will lead to treatments and prevention of substance use disorders, HIV and various neurodegenerative disorders

Targeted audience: Basic science, translational science, and clinician researchers, and trainees at all levels.

Invited Keynote Speaker:

Dr. Nora Volkow Director,
National Institute on Drug Abuse
National Institutes of Health,

Other Invited Speakers: Leaders in the fields of translational research in substance use disorders, neuro-HIV, and neurodegenerative disorders.

Conference website: Coming soon with information on conference program, registration, abstract submission (for conference special journal issue, the poster session, and travel awards), and a list of sponsors.

Contacts:

- Richard Noel, Ph.D., Meeting Committee Chair (rnoel@psm.edu)
- Susmita Sil, Ph.D., Secretary (susmita.sil@unmc.edu)
- Linda Chang, M.D., M.S., President (lchang@som.umaryland.edu)

Call for Symposium proposal (**due date 9/29/2025**): see QR code for instructions

Abstract and registration deadlines are forthcoming: <https://s-nip.org/>
